

JAPAN'S FUTURE TIED TO U.S.: SHIGEMITSU

About Town

And Country
By TIMOTHEUS T.

BACK: Put on your smoked glasses, because Timotheus has returned to his old job after a couple of weeks. And if somebody in the house reads the paper out loud, put in your ear-stoppers.

But if you persist in staying with me, I'll look through what has accumulated on my desk the past two weeks and pass it on to you. Now here's a letter—oops! it's a bill—and I'll try again.

Here's a nice letter from Mrs. Woodrow Fulkerson of Phoenix, Ariz., who used to live here.

"Dear Tim: I have just returned to Phoenix from a short visit in Harrisburg with my parents and other relatives, and of course was not able to see all the people I would have enjoyed meeting again.

"During the three years we have lived in Phoenix, we have met several former Saline county residents, many of them from Harrisburg. It has helped a great deal to make our living here more pleasant. We still look forward to the Register and news and happenings of the people we know back there.

"The August issue of the Coronet magazine carried a story about the revival of the old 'Tin Goose,' as the old Ford Tri-Motor airplane was known, one of which used to take up passengers from the Patterson field north of Harrisburg. William B. Stout, its designer and builder, is mentioned in the article.

"I thought it might be an interesting sidelight to know that I have been the secretary to Mr. Stout during the two and a half years I have been able to work since we moved here. Now 75 years of age, and one of the old-timers in pioneer aviation, he is still very active in aviation circles and is quite an interesting character."

VACHEL DAVIS, the coal miner artist of Eldorado, writes that he has an outstanding portrait-study of President Eisenhower, an 11 by 14 original photograph, by Josef Karsh of Ottawa, Canada, by appointment to the Queen of England, an internationally famous photographer. Life Magazine has featured a number of his portrait studies of great world personages on its front cover at different times.

Mr. Karsh presented the photograph to Mr. Davis some time ago. It bears Mr. Karsh's signature plus an inscription by President Eisenhower personally to Mr. Davis.

During these times when stories pop up about how much chaos and confusion there is in this world, with its violence and threats, this little bit of reading from The Baptist Bulletin Service, entitled

(Continued on Page Three)

Historical Society To Meet Tuesday At Davenport Home

The Sept. 6 meeting of the Saline County Historical society will be held at the home of Mr. and Mrs. George Davenport, 317 East Walnut street, Harrisburg.

A potluck supper will be enjoyed at 6:30 p. m. Following the supper a paper prepared by Mrs. E. B. Webster will be read. The paper, "The Development of Harrisburg 1853 to 1910," tells of the early businesses and industries that grew up in the town and the pioneer families that contributed to the town's development.

Several short sketches of family histories will be given by descendants of the pioneer families. Members of these early families are extended a special invitation to the meeting. It is impossible for the program committee to contact all members of these families because of lack of knowledge and extent of family relationships. If you know and are interested in helping preserve historic and family relationships please attend the meeting and add your contribution.

At 8:15 p. m. there will be a tour to the home of Mr. and Mrs. Chas. A. Mitchell, 203 East Walnut. Their home is one of the oldest in the city and was at one time occupied by the family of Green B. Baum. From here the tour will go to the homes of Mr. and Mrs. Clyde Wilmoth, 317 West Poplar, and Mr. and Mrs. J. W. Towle, 322 West Poplar. Mr. Wilmoth's and Mr. Towle's families were among the early families of the community and their homes contain many family heirlooms. A journey to these homes of period design and furnishing will give the society an idea of the beauty the early families enjoyed.

Strict Law Enforcement Helps Hold Down Traffic Deaths for Holiday

By United Press

"Gloves off" law enforcement helped hold down traffic deaths during the opening stages of the long Labor Day weekend today.

But safety experts stuck to their warning that traffic accidents will kill 400 Americans during the period from 6 p. m. Friday until mid-night Monday.

A United Press count showed 55 deaths on the highways while the holiday still was young. Michigan had the worst record with nine deaths. Four each were reported by California, Indiana, Kentucky, New York, Ohio and Wisconsin.

The 400 death estimate, set by the National Safety Council, forecast a worse holiday death toll than last year's 368. The record, set in 1951, is 453 deaths over a Labor Day holiday.

The weather was practically perfect for a holiday except in southern and central California, where a 100-degree plus heat wave was weakening a little.

Last Summer Holiday

Elsewhere, cool and sunny weather was expected to draw more than 40 million cars to the highways for the holiday.

Death Takes Mrs. Ida Dunn, 86; Funeral Sunday

Mrs. Ida Dunn, 86, widow of Lewis Dunn, died yesterday at 8 p. m. at the Harrisburg hospital where she had been taken an hour before after suffering a cerebral hemorrhage. Her home was on Carrier Mills RFD 2.

She leaves six daughters: Mrs. Della Palmer, Herod, Mrs. Bessie Barger, Mrs. Nancy Yates, Mrs. Pearl Mullins and Mrs. Clara Evans, all of Harrisburg, and Mrs. Lottie Dunning of Carrier Mills; and three brothers, Fred and Roy Farthing, both of Marion, and John Farthing of Arkansas.

The body will be taken from the Gibbons funeral home to the home of Mrs. Evans in Ledford this afternoon.

The funeral will be Sunday at 2 p. m. at the Palestine church. Rev. Elmer Grisham and Rev. Norman Cozart will conduct the service and burial will be in the church cemetery.

Local Agencies Moving To New Offices

The Collier and Joyner General Insurance Agency and the Joyner Realty Co., operated by Verner E. Joyner and Vern Joyner Jr., will be in new offices Tuesday, ready for business.

The agencies are moving into the building at 17 West Elm street, directly across from the Kroger parking lot.

The building has been redecorated and remodeled to suit the needs of the companies. The insurance agency, started by Homer Collier, had been in the Clinic building for more than 30 years.

The last holiday of the summer. Traffic jams, screeching brakes and—for some—sudden death were in store for the myriads of holiday-goers. But state and city officials across the nation were determined to cut traffic hazards to the lowest possible minimum.

National Guardsmen were called out to aid state police in Washington, National Guard planes and a helicopter were sent aloft in Iowa to spot traffic jams and accidents and 10 Civil Air Patrol planes watched the highways in Colorado.

Another "air task force" of six National Guard planes patrolled Indiana skies and State Police Superintendent Frank Jessup warned motorists:

"We're taking off the gloves for this one."

In the southern states of Georgia and South Carolina, all state patrols were put on emergency duty and all leaves were cancelled.

Three Ex-POWs Seek Freedom on Judge's Ruling

SAN FRANCISCO (AP) — Three Korean War veterans now in military custody for deserting to the Communists sought freedom today on the basis of a judge's precedent-shattering action which ordered the Army to release another soldier accused of desertion.

Louis W. Griggs of Jacksonville, Tex.; William A. Cowart of Dalton, Ga.; and Otho G. Bell of Hillsboro, Miss., petitioned for their release through their attorneys.

Their action followed an order to the Army by Federal Judge Louis E. Goodman to free Pvt. John D. Martin, 24, of Tule Lake, Calif. Martin, accused by the Army of collaborating with the enemy and promoting desertion among fellow war prisoners in a North Korean camp in 1953, was released to his attorney as a result of Goodman's order.

Among Repatriated Prisoners

Bell, Griggs and Sowart were among 21 U. S. prisoners of the Communists who rejected repatriation at Panmunjom and went to Red China. They asked to be returned to their homeland, regardless of the consequences, after becoming fed up with the Communist way of life.

Goodman's ruling Friday marked the first time a former war prisoner has been released on a writ of habeas corpus on the ground the Army had no jurisdiction in a crime committed during previous enlistment.

Goodman's decision was in direct conflict with one handed down in a similar case last Wednesday by Federal Judge Joseph C. McGarraghy in Washington, D. C. McGarraghy upheld the Army's right to try Maj. Ronald E. Alley, 34, charged with misconduct in Korean prison camps.

The drivers' license examination station on south Main street will be closed Monday, Sept. 5. Labor Day, it was announced today.

Labor Day Program Monday At Fairgrounds

Monday, which is Labor Day, will be observed in Harrisburg with the closing of businesses and offices, but there will be plenty going on all day and night at the fairgrounds.

There is a Labor Day committee has arranged for a program and for the money to finance it, so that everything regarding the celebration there will be free except food, drinks and whatever novelties may be bought at the concession stand.

Starting at 9 a. m. with a five-minute address of welcome by Mayor and Claud Gibbons, there will be boys' and girls' bicycle races, and running races for boys in two age groups until 10 a. m., when Lucky LeRoy, Hank Wright and his Tumble Weeds and variety acts will entertain until noon.

At 1 p. m. Louis Karlovic, president of the Progressive Mine Workers of America, will speak, and he will be followed on the program by State Senator Glen O. Jones, who will deliver a half-hour address starting at 1:30.

From 2 to 4 p. m. there will be a string band contest and from 6 to 7 p. m. C. C. Porter will entertain with his feats of magic.

From 7 to 9 p. m. there will be music by Lucky LeRoy, Honey Matthews and George Lands and His Rhythm Ramblers.

Prizes will be given for first, second and third places in all the races and in the string band contest.

Charles Grace, Elbert Norris, John Jones and Richard Beam comprise the committee in charge.

Four-Day-Old Son of Eldorado Couple Dies In Springfield Hospital

Roger Dale Watson, four day old son of Mr. and Mrs. Lemuel Watson, 1900 Main street in Eldorado, died yesterday at 7 p. m. at St. John's hospital in Springfield where he was taken Monday following birth.

The mother was the former Evelyn Henson, daughter of Mr. and Mrs. Anderson Henson of Eldorado. Paternal grandparents are Mr. and Mrs. Carl Watson, also of Eldorado.

Graveside services will be held today at 3 p. m. at Lindale Memorial Gardens. Elder T. Leo Dodd will officiate. The Bean and Tanner funeral home is in charge.

Drivers Exam Station To Close Monday

The drivers' license examination station on south Main street will be closed Monday, Sept. 5. Labor Day, it was announced today.

Fox Well Seen Field Opener in Cottage Twp.

Producing 102 Barrels Day; More Tests Expected in Future

The John Stelle Associates' Marion Fox No. 1, now on pump and producing, apparently will be a field opener in Cottage township.

This well, Sec SE NW, 10-9-7e, is producing 102 barrels of oil per day from the O'Hara, it was reported from the John Stelle Associates office at Eldorado.

With this one a producer, more tests by Stelle and by the Carter Oil Co. and J. D. Turner, who hold offset leases, are expected in the future.

Other new field news came from Raleigh township, where the Shure Oil Co.'s John C. Baker No. 1, NE 1/4 SW SE, 14-8-6e, was flowing 40 barrels of oil an hour from the Aux Vases lime after acidizing; and where the John Buchman and C. E. O'Neal P. L. Wettaw No. 2 awaited cable tools to test the Aux Vases after drill stem tests looked good. The Wettaw No. 1, 2 and 3 (No. 3 getting under way) are in Section 20 of Raleigh township.

Also in Section 20 of 8-6e is the Carter Oil Company's J. S. Raybourn No. 1, Sec SE NW, 20-8-6e, where cable tools were awaited to test the Aux Vases at 2854-60.

And in Section 34-8-6e, Sam G. Walker's Verlie O. James No. 2-A, 340 feet south and 300 feet west of NE 1/4 SW NE, was on flow testing the Waltersburg at 1991-2012, which flowed 65 barrels an hour after fracture and flowed 11 barrels of oil an hour and 5 million cubic feet of gas in the last 12 hours after load recovery.

The list of completions in the Robertson Tri-State Oil report for the period ending Aug. 30 showed seven dry holes and one well where work has ceased.

The Breuer-Robinson Robertson Heirs Community Unit No. 2, 430 feet north and 360 feet east of SW 1/4 SE SE, 16-8-7e (Eldorado) awaits cable tools to test the Waltersburg at 2156-65 and 2167-78 and the Robertson report will pick up this activity when work is resumed.

Dry Wells

Dry were: Murvin and Sueber's H. Harrelson No. 1, Sec SW SE, 29-7-6e (Long Branch); Sunray Mid-Continent's Ada Sisk No. 6, Sec NE NE, 15-10-6e; Gilliam Oil's W. D. Grisham No. 1, SW SW SW, 26-7-6e; H. V. Spire's L. Dodd No. 2, NW SW NW, 11-8-7e; Bury Drilling's Bess Wiley No. 1, NW NE SE, 26-9-5e (Brushy); J. D. Turner and Walter Duncan's John W. Lockwood No. 1, SW NE SW, 18-6-6e (Harrisburg); and Sunray Mid-Continent's Partain No. 1, NW SE NE, 15-10-6e (Independence).

There was a lot of activity up in Tate township these days, however, with good indications.

Lonnie Fox's Henderson-Jones Community Unit No. 1, SW SW SW, 19-7-5e, was on flow testing the O'Hara and flowed 105 barrels of oil in three hours naturally.

C. E. Brehm's Gill Community Unit No. 2, NW NE NW, was on pump testing the Aux Vases with no information being given out. Brehm's Iber V. Hall No. 2, SW SW SE, 19-7-5e, was waiting on cement on a long string to test the Aux Vases and ditto on no information, according to the Robertson report.

There were at least seven other operations going on in Tate.

Other activity:

John Stelle Associates' Chicago-Harrisburg Coal Co. No. 1, SW SE NW, 10-9-6e, was drilling to 2968.

John M. King's Eva Pierce Community Unit No. 1, 275 feet south and 426 feet west of NE 1/4 NW NE, 21-8-7e, was on pump testing the Waltersburg.

SW Oil Co.'s George O. Upton, NW NW SW, 25-8-5e (Galatia) was cleaning out and testing the O'Hara, flowing 16 barrels of oil in 12 hours.

Thousands Jam Funeral Parlor to View Battered Face of Slain Boy

CHICAGO (AP) — Thousands of Negroes jammed a funeral parlor Friday night and early today to gaze on the battered face of a 14-year-old boy who was killed in Mississippi because he allegedly whistled at a white woman.

The press was so great that practically every window in the Reynard & Sons Funeral Home was shattered and the chapel itself was left "a shambles," a funeral home spokesman said.

Another mass demonstration was expected today when funeral services for Emmett Louis Till are held at the Church of God in Christ in the heart of Chicago's vast Negro section.

The funeral home spokesman estimated the crowd which jammed the 41-hundred block on South Cottage Grove Ave. at 50,000. Police were reluctant to name a figure, but said there were "thousands."

Police Break Up Crowd

Two squads of police finally broke up the milling demonstra-

Fear MacArthur Statements May Slow Down Japanese Rearmament

WASHINGTON (AP) — U. S. officials feared today that Gen. Douglas MacArthur's latest statements on Japan's defense may slow down Japanese rearmament.

MacArthur said Friday he believes that Russia never will invade Japan unless it can first convert the Japanese to Communism. The World War II Supreme Far East commander also advised Japan not to rearm beyond the need to defend itself.

Officials doubted that MacArthur meant to discourage the Japanese from rebuilding their armed forces. But they said his words could kick up new debates in Japan and prevent the Japanese from providing as much defense as the United States believes necessary.

Statements During Conversation

MacArthur's statements were made during a conversation with Japanese Foreign Minister Mamoru Shigemitsu, who has just completed three days of talks with top U. S. officials on Japanese defense and related matters.

Neither the State nor Defense departments would comment on MacArthur's statements. It was obvious neither wanted to pick a fight with the general.

But officials who were willing to discuss the matter privately agreed with MacArthur that the Soviet Union probably would prefer to take Japan through infiltration first. But they said they are by no means convinced that Russia would delay any possible attack on Japan until the population was first converted to Communism.

The United States is pressing hard to get the Japanese to build up to a force of 350,000 troops. The Japanese, however, have been setting their force goal much lower—at about 180,000 by 1958.

U. S. officials fear MacArthur's words may make the Japanese feel they have the right target after all.

Breakstone Steps Down as Legion Commander After Convention Snub

SPRINGFIELD (AP) — Irving Breakstone today stepped down as Illinois American Legion commander after receiving one of the worst snubs in 30 years from the state convention.

The convention refused to elect the retiring commander as one of the five delegates-at-large to the national legion convention.

Breakstone became retiring commander as the state Legion held its election and installation of officers. The other top event on today's program was an address by Harold Stassen, special assistant to President Eisenhower.

The new commander of the Legion was Albert W. Leonhard, retired postman from De Kalb. Leonhard stepped into the commander's role from the post of senior vice commander.

Rivals for the senior vice commander spot were Chicagoans Nick Wilgren and Harold Cummins. The senior vice commander usually is unopposed the next year for commander.

The convention slap at Breakstone Friday was the first time in almost 30 years that the state Legion had so acted against a commander.

By tradition the outgoing and incoming commanders lead the state delegation at the national meeting.

Breakstone blamed his defeat on "those who didn't like what they call my 'ultra-liberal, egghead' outlook."

He said he generally is "for the policies of President Eisenhower and his group."

Breakstone said the main factors in his rejection were his opposition to the type of Legion anti-subversive and Communist-hunting program under way when he took office, and his "firing a lot of employees" at state headquarters.

"I tried to give Americanism a positive approach," he said. "I got Dr. Robert Maynard Hutchins to join the Legion and put up \$50,000 as a grant from a fund he administered to promote our 'Education for Freedom' program."

"This program, which I started, tried to get people to study and understand the Constitution and Americans rather than hunt un-Americanism alone."

Breakstone said he did not believe the speakers he invited to the convention, Stassen and Gov. G. Mennen Williams of Michigan, were a factor in his defeat.

"I just wanted to get both sides," he said.

But Charles V. Falkenberg, Chicago, who pushed through a resolution urging withdrawal from the United Nations, disagreed.

"Williams and Stassen are not the type of persons the majority wanted as speakers," Falkenberg said. "Both are more international minded, more United Nations minded and more welfare minded than the rank and file desire."

Governor Williams arrived later

States Nation's Position at Home of Baruch

Private Party Follows Meeting With MacArthur

NEW YORK (AP) — Japanese Foreign Minister Mamoru Shigemitsu stressed Friday night that his nation's ambitions, economic and political future and military program were "inexorably" tied with the aims and objectives of the United States.

Shigemitsu, who 10 years ago Friday had signed the surrender ending World War II, stated Japan's position during a private dinner party at the country home of Bernard Baruch in Manhasset, Long Island.

Japan's foremost diplomat only a few hours earlier had a warm, 75-minute conference with Gen. Douglas MacArthur.

Shigemitsu discussed the "paramount importance" to Japan of maintaining a friendly and understanding relationship with the United States during the dinner.

Hoped For Understanding

He expressed the hope and belief that "the United States would understand and appreciate the necessity of Japan having economic outlets — outlets which are necessary to her economic stability."

At this point Shigemitsu emphasized that "there is no neutralism in Japan" and that Japan, in looking toward possible non-strategic trade with Red China, has no intention of adopting any Communist political philosophy.

It was here that Shigemitsu said his country's fate was tied inexorably with that of the United States.

Shigemitsu appeared exultant over his historic meeting earlier in the day with MacArthur, his former enemy and now an admirer.

In their hour and 15-minute meeting in MacArthur's suite, the general said it was his firm opinion that Moscow had no intention to invade Japan unless it could first communize the Japanese people.

He said he thought Japan's military force should be a defensive unit, but made it clear he was speaking for himself and not the government.

MacArthur told Shigemitsu it was his personal opinion that all Japanese and German war criminals remaining in prison should be pardoned to their government and those guilty of real crimes should be tried by their own courts.

Shigemitsu ends his visit to the United States today. He was scheduled to be U. S. Ambassador Henry Cabot Lodge Jr.'s lunch guest. He will spend the remainder of the day relaxing.

Lodge's invitation was extended to Shigemitsu as a friendly gesture and the lunch was not considered a formal conference.

However it was pointed out that the lunch would permit Lodge and Shigemitsu to discuss Japan's three-year-old application for membership in the United Nations.

He will leave at noon Sunday for San Francisco on his way back to Japan.

Oil Worker Fatally Hurt Near Raleigh

A Fairfield oil well drilling employee was fatally injured in Raleigh township early today while working at Theodore C. Lindsay's Sammy Joe Turner No. 1, SW SW NE, 4-8-6e.

He was Gerald Cox, 29, injured about 2:30 a. m. and who died at 8 a. m. in the Ferrell hospital at Eldorado.

Coroner Elmer M. Gibbons, who made an investigation, said that workers were picking up a drill collar and a rope broke, the collar falling on the youth and crushing his chest.

The operation is about two and a half miles northwest of Raleigh.

The body was taken to a Fairfield funeral home.

Coroner Gibbons said the inquest would be at 7 p. m. Tuesday at the Eldorado city hall.

BIBLE THOUGHT FOR TODAY
They that wait upon the Lord
shall renew their strength. — Isa.
40:31.

Some think that all energy comes
from the Sun. But he who made
the Sun is the source of all
strength, and we may call upon
him for renewal of strength.

The superstition that nailing a
horseshoe over the door will bring
good luck is widespread and dates
back several centuries.

Items of Agricultural Interest

This Week at DIXON SPRINGS

University of Illinois Experiment Station

(A round-up of the week's
work, activities, and observa-
tions at the University of Illi-
nois Dixon Springs Experiment
Station near Robbs in southern
Illinois, prepared by the Sta-
tion's staff.)

MAKING CORN SILAGE

In the next three to four weeks,
about 1,500 tons of corn silage will
be made on the Dixon Springs Ex-
periment Station. Some of the ear-
lier maturing corn varieties are
now at the right stage to make good
silage. About 80 per cent dent is
the best stage for ensiling corn.
Another rule of thumb is to make
corn silage when the husks are
turning brown. In a normal year
the stalks and leaves will be green
at this stage. Several varieties
with varying maturity dates were
planted at the Station to insure a
supply of corn at about the right
stage throughout the silage-making
season.

WHAT IS THE VALUE OF CORN SILAGE?

Steer calves wintered on corn
silage, hay and protein supplement
should gain from 1 1/4 to 1 1/2 pounds

Tall Crops Serious Traffic Hazard

Trees, weeds, bushes and tall
crops that obstruct vision are a
serious traffic hazard at this time
of year.

O. L. Hogsett, extension safety
specialist, University of Illinois,
College of Agriculture says that
too often these obstructions make
it impossible for drivers traveling
on the highway to see farm vehicles
about to enter the road.

Farmers should know how to
figure "sight distances" necessary
for safety. Here's a procedure rec-
ommended by the Illinois Rural
Safety Council for finding out
what obstructions to remove in or-
der to avoid possible accidents.

1. Park your car in the driveway
with the bumper 10 feet from the
nearest edge of the pavement or
traveled portion of the road.

2. Pace off 700 feet (280 paces)
along the highway to the left on
the same side as the driveway en-
trance, and place a marker at the
edge of the pavement.

3. By the same procedure, set
another marker down the road in
the opposite direction but on the
side of the road across from the
driveway entrance. (If a heavy,
slow-starting truck will be using
the driveway, set the markers out
830 feet, or 332 paces, instead of
700 feet.)

4. Go back to your car and sit in
the driver's seat. If you can't see
the markers, clear any obstructions
away until you can see them.

Even though "sight distance" is
adequate at your farm entrance,
always make a full stop and look
both ways before you enter the
highway.

Farmers' Supply Co.
610 North Main Phone 761

a head daily. From 8 to 10 calves
may be wintered on the silage
made from one acre of corn. An
acre of corn, if fed with a little
hay, should furnish enough silage
to winter at least five beef cows.
Corn silage is high in energy, or
sugars, but low in minerals and
protein. Therefore, you should bal-
ance the ration by feeding legume
hay and a protein supplement with
the silage.

HOW DOES SILAGE CORN FIT PASTURE FARMING?

Pasture doesn't stay at its best
very long. You'll need to reseed
and renew pastures to keep produc-
tion high. One way to renew pas-
tures is to grow corn every five
or six years and reseed the pasture
following the corn. When the corn
crop is removed for silage, you can
seed fall grain and pasture early
enough to get good strong plants
that will live through the winter
and provide a cover against ero-
sion.

SERICEA LESPEDEZA — SOIL BUILDER

If visitors at the Dixon Springs
Experiment Station would like to
see a really good soil-building crop,
they should ask to see some of the
Sericea lespedeza plantings. A
seeding made on the Station in
1950 will now make a horse and
rider! To walk through it you
need to clear a path with a ma-
chine. The best part is that Sericea
will grow on very poor soils that
are low in organic matter. Sericea
is a legume that grows each year
from the old roots like alfalfa.
It can be used for hay and pasture,
but it is particularly good as a soil
builder.

BULGING HAY BARN

In southern Illinois many barns
are already filled with hay, and
third-cutting alfalfa is coming on.
Another way to use that hay crop
may be to graze it off. However,
remember that grazing will thin
alfalfa stands faster than making
hay will. Either way, allow enough
time for new top growth before
frost so that the plants can build
up food reserves.

Be Careful In Use Of Insecticides

Dusting or spraying with insecti-
cides may do much to promote the
healthy growth of fruits and vege-
tables. But they often have just
the opposite effect on humans.

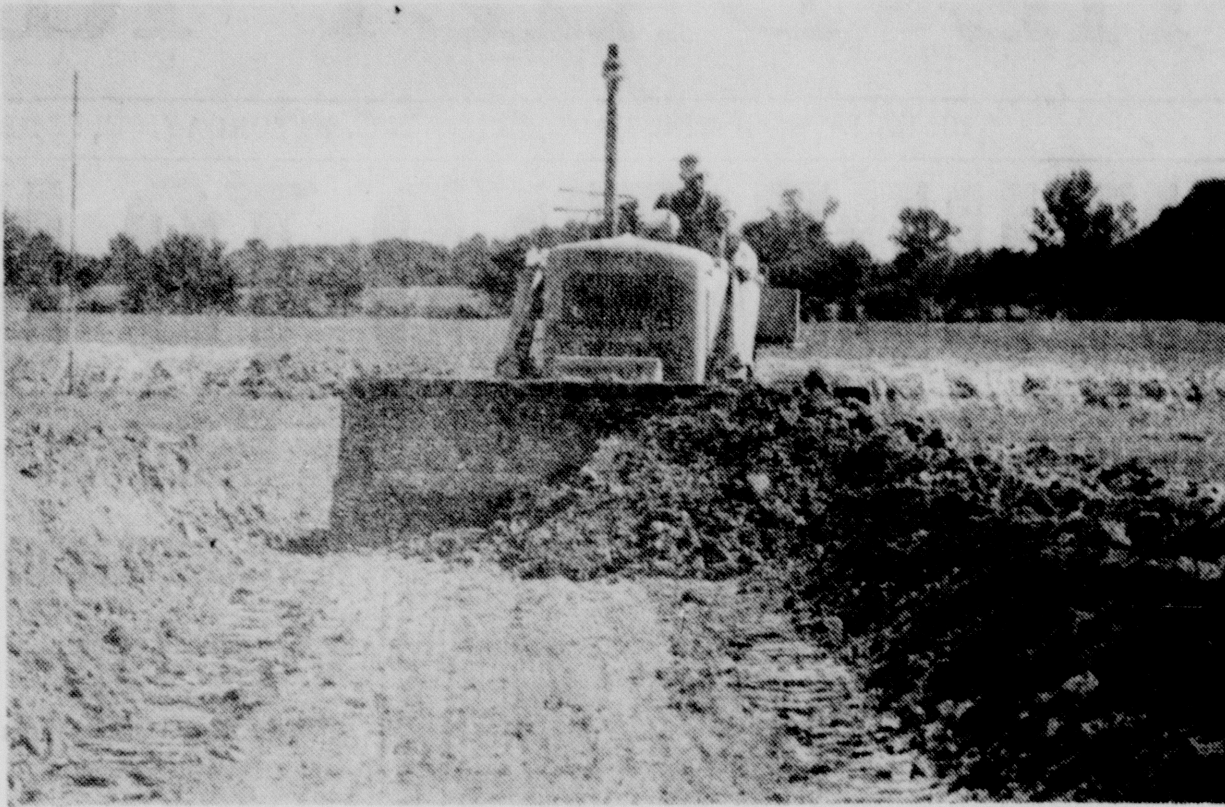

Even though the container may
not be labeled poison, many of
these substances are harmful to
man, says O. L. Hogsett, extension
safety specialist at the University
of Illinois College of Agriculture.
Take special precautions when-
ever you use fumigants or insecti-
cides to be sure that you never
breathe the fumes, vapors or dust.
It's a good idea not to dust or
spray on windy days. With some
dusts and sprays, a safety mask
is required.

Always be especially careful to
label all insecticides so that you
won't mistake them for something
else, and keep them out of reach
of children.
Follow the manufacturer's direc-
tions for handling, mixing and ap-
plying. Hogsett suggests. Always
dust or spray with the wind, and
wear a respirator when there is
danger of inhaling fumes. Wear
gloves, a long-sleeved shirt and oth-
er clothing to cover as much skin
area as you can.

When you have finished the
spray work, be sure to carefully
wash your hands and other exposed
parts of your body with soap and
water. Store poisonous materials
in a safe place.

Before you eat fruits and vege-
tables that have been sprayed or
dusted be sure to wash them thor-
oughly.

Lydia Lilioukalani was the last
Hawaiian queen. She was deposed
by a revolution shortly before the
United States took over.

A HEAVY BULLDOZER is being used here to return soil to a deep tillage experimental plot at the University of Illinois-Southern Illinois University Cooperative Agronomy Research Center near Carbondale after fertilizer has been thoroughly mixed with the loose soil. Soil was cultivated to a depth of 36 inches in this plot. (Photo by SIU Photo Service)

Expert to Speak At Dairy Day

To Be Held Sept. 8
On University of
Illinois Campus

Ralph E. Hodgson, chief of the
dairy husbandry research branch,
U. S. Department of Agriculture,
will be the main speaker at Dairy
Day on the University of Illinois
campus Thursday, September 8.
His subject will be "What Research
Means to the Dairy Farmer."

Dairy specialist L. R. Fryman
says Hodgson will tell how farm-
ers can raise low pasture yields
throughout the country by adopt-
ing improved cultural and manage-
ment practices.

He will also explain when to
cut hay and what harvesting and
storage methods to use to get the
most feeding value from the hay,
Fryman says.

Hodgson will speak after the
noon luncheon in Illini Grove.
The morning session of the in-
formational get-together will be held
at 9:30 A.M. at the South Lincoln
Avenue dairy barn. It will be de-
voted entirely to exhibits and dem-
onstrations on research projects
and good dairy practices.

If you attend Dairy Day, you'll
see dairy scientists burn gases
from the cow with the hole in her
side. And you'll see a demonstra-
tion of the Bang's test, some of
the animals from the crossbreed-
ing project, proper milking proceed-
ures, cow clipping, dehorning, and
many other interesting and infor-
mative exhibits and demonstra-
tions.

You can also try your hand at
picking a good dairy cow, says Fry-
man. The person who comes closest
to guessing the production rec-
ords of two similar-looking three-
year-old cows—one a good milker
and the other a scrub—will receive
a prize of two free tickets to the
International Dairy Show in Chic-
ago October 8 to 15.

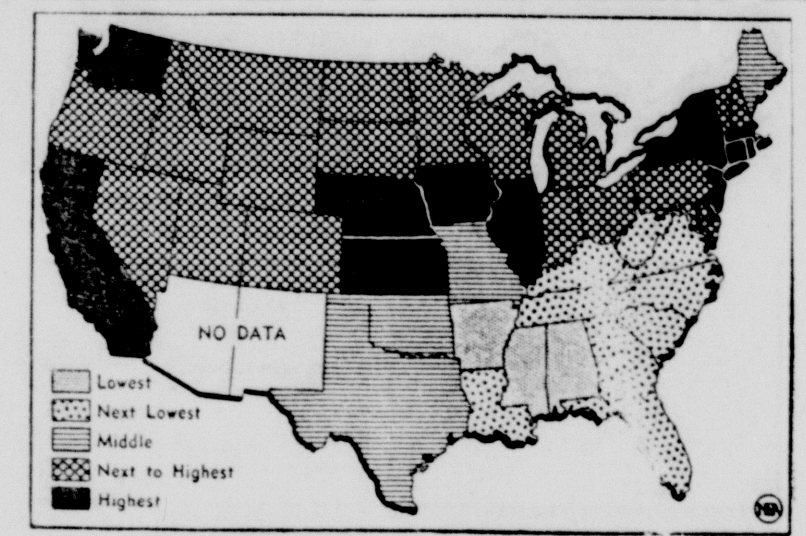

The afternoon program will end
by 3 p. m.

More Farm Credit and Capital Needed, Says Charles B. Shuman

MADISON, Wis. (UPI)—More farm
credit and capital is needed to
keep pace with the increasing ef-
ficiency of the American farmer,
the president of the American
Farm Bureau Federation said
Wednesday night.

Charles B. Shuman told the Uni-
versity of Wisconsin school of bank-
ing that "bankers generally can
well afford to help finance im-
provements in agricultural effi-
ciency."

"The big problem," he said, "is
the need for more intermediate
credit—loans for a year and a half
to five years."

HOW WELL FARMERS LIVE—This map gives you a rough idea
of how U. S. farmers—on the average—live in a particular area as
compared with those in other areas, as ranked by the Department of
Agriculture. Families of farmers in black areas live unusually well.
If you live in one of the "lowest" areas, it doesn't necessarily mean that
your own living standard is low. The area rating is on averages and
your own level may be above the average of your area. And even the
average family in the lowest category doesn't necessarily have a poor
standard as compared with other standards in the world.

SIU Country Column

By Albert Meyer

Every kind of farm crop deserves
a good seedbed. Therefore, it is
not too early to pass along a re-
minder just now that weather fac-
tors and soil conditions ought to
be kept in mind when getting
ready for seeding winter grains
and fall-seeded grasses and le-
gumes. More than likely there is
little need for advice against plow-
ing fields while they are too wet,
because rainfall is lighter at this
season than in the spring. How-
ever, the farmer should not be in
the field with any soil-disturbing
machinery unless the soil is dry
enough to crumble in the hand.

It is generally recognized that a
good seedbed contributes to higher
crop yields. Such a seedbed means
the soil is fine, firm, moist, level,
and free of trash and weeds. Farm-
ers who plow early for a crop may
cut down on the weed infestation
by working the soil at shallow
depths once or twice before final
seeding preparations so as to de-
stroy young weeds that have emer-
ged from the plowed soil. It will
mean many less weeds in the crop.
In plowing fields having much
crop residue or weeds it is a good
idea to fasten long wires or some
similar aid to the plow beams so
as to get all residue completely
turned under. In making final
seed preparations, most soils need
at least one discing and harrow-
ing. If there is a weed problem it is
better to allow weeds to wilt be-
fore harrowing the field rather
than pulling the harrow directly
behind the disc.

In making seedbed preparations
on rolling fields where there is
serious danger of erosion it is es-
sential to follow good soil con-
servation practices—strip-cropping, cul-
tivating on the contour, or using
other methods to prevent soil from
washing away.

The importance of saving barn-
yard manure and getting it back
into the soil has been pointed out
at other times in this column. It
has been noted that the average
ton of manure contains approxi-
mately 500 pounds of dry organic
matter, 10 pounds of nitrogen, five
pounds of phosphorus, and 10
pounds of potash—the equivalent
of 100 pounds of 10-5-10 fertilizer.

Just how much manure actually
is produced by livestock? Briefly,
here are a few statistics.
For every 1,000 pounds of live
weight, a steer produces 8.5 tons
of manure per year. On the same
weight basis, hogs yield 18 tons,
sheep 7.5 tons, and chickens 4.5
tons. It needs pointing out, how-
ever, that the amount of plant nu-
trients in manure varies some with
the type of animal.

Much manure, therefore, is avail-
able on the average livestock farm.
Not all is hauled to the field, how-
ever. It is estimated that not over
50 per cent of the manure produc-
ed on the farm actually is hauled
to the fields. Much of it is dropped
in the fields by grazing animals.
It behooves the farmer to conserve
as much as possible of such manure
as is available in the barnyard.

Two things are essential to con-
serving most of the plant nutrients
in manure. First, the manure stack
should be well packed to keep out
as much air as possible and cut
down the decomposition. Then,

Barley Good Grain Feed

Cattle will gain about as much
on straight barley as on straight
corn, says H. G. Russell, Univer-
sity of Illinois livestock specialist.
But they usually won't bring as
high a price as corn-fed cattle.
Since barley will be an important
feed grain as a result of last year's
drouth, Russell suggests keeping
the following points in mind if you
plan to feed it:

1. For feeding beef cattle:
a. Ground barley is about 90 per-
cent as valuable as corn, pound for
pound.
b. Straight barley may cause
bloat, so it's best to mix it with
oats or corn.
c. If the barley is coarsely ground
or rolled, the cows won't be so
likely to tire of it on a long feed-
ing program.
2. Hogs won't gain so fast on
barley as on corn—and more feed
is required for 100 pounds of gain.
3. Barley requires medium-fine
grinding.
4. Don't feed barley badly in-
fected with scab to swine.

U. of I. Field and Furrow Club Named Outstanding at Meet

URBANA — The Field and Fur-
row Club of the University of Illi-
nois was named the outstanding
student agronomy club in the Uni-
ted States for 1955 at the recent an-
nual meeting of the American So-
ciety of Agronomy at the Univer-
sity of California Davis campus.

Duane Swarts, Dixon, student
president of the club, received a
check for \$100 from Dr. W. H.
Garman of the National Plant Food
Institute, sponsor of the award. An
additional \$100 will also go toward
a scholarship for a member of the
club. R. M. Swenson, Michigan
State University, chairman of the
Outstanding Student Chapter
Award Program, presented a trophy
to Swarts in behalf of the
NPPF.

The Field and Furrow Club has
been very active in sponsoring ed-
ucational programs and student ac-
tivities among agronomy students.
It has also promoted exchange
clubs with other agronomy clubs,
particularly Purdue University at
Lafayette, Indiana.

The winning club is selected by
a judging committee composed of
senior agronomists throughout the
country. The 1955 committee com-
posed of senior agronomists
throughout the country. The 1955
committee was headed by H. K.
Wilson of Pennsylvania State Uni-
versity.

too, it should be protected from the
leaching action of rain water. One
of the best conservation methods
for cattle farms is to use a covered
feed lot where the animals will
compact the manure with their
hooves.

Start Long Range Program on Soils Research at SIU

CARBONDALE, Ill. — A long
range soils research program in-
volving deep tillage and basic fer-
tility treatment is being started at
the University of Illinois Southern
Illinois University Cooperative
Agronomy Research Center near
Carbondale.

Dr. E. F. Sullivan, supervisor of
the research center, says the gen-
eral purpose of the experimental
work is to study the comparative
effects upon crop growth of deep
and shallow tillage with fertilizer
treatments of varying amounts.
The plots received lime, phospho-
rus and potassium applied in quan-
tities required to bring the soil up
to a high level of nutrition as de-
termined by soil tests.

Heavy bulldozers, earth movers,
and a deep-tillage disc plow were
used to prepare the experimental
plots. The experiment includes rep-
lications of four depth tillage treat-
ments—nine inches, 18 inches, 27
inches, and 36 inches. Each of the
depth plots is subdivided into areas
receiving different concentrations
of fertilizer. In each instance the
soil was removed from the plot to
the desired depth, mixed with the
required fertilizers, and returned
to the plot.

For example, the deep tillage
plot in which the soil was culti-
vated to a depth of 36 inches con-
tains sub-plots in which the fer-
tilizer concentrations are those rec-
ommended for nine, 18, 27, and 36
inches of cultivated soil. The same
amounts of fertilizer are repeated
in sub-plots in each of the other
three depth plots. Therefore, in
plots having tillage to a depth of
nine inches the fertilizer concen-
tration is extreme in its sub-plot,
receiving the same amount of nu-
trients as would be required for
tillage at 36 inches.

Too little is known about the
problem, Sullivan says. Hence, the
experiment. Both immediate and
long range reaction of plants to the
various kinds of tillage and fer-
tility treatments will be observed un-
der controlled conditions.

Everyone's Market Place

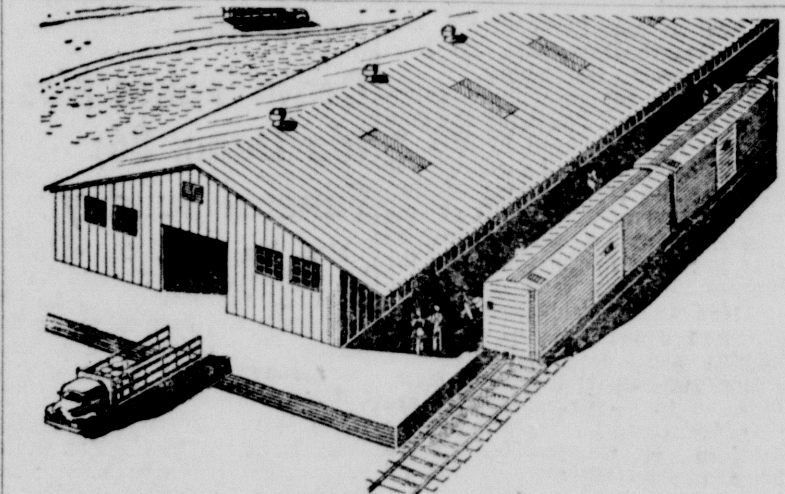

Livestock, used cars, real es-
tate, bicycles, fans or vege-
tables. Put your goods on dis-
play where there is traffic—in
Register classified ads.

That is what B. A. Knicker-
bocker did to sell his cow, and
a visitor in the home of W. A.
Plumlee, who lost his purse.
The purse was found by a man
at Carrier Mills and returned.
Mr. Knickerbocker sold his
cow and at least 500 pigs have
been sold this year through
Register classifieds.

Yes, we have something to
bleat about—ewes and Suffolk
rams—they are also in Regis-
ter classifieds.

Leading corporations lick high building costs with BUTLER steel buildings

The Santa Fe Railroad, Deepfreeze, and many other corpora-
tions have found that a Butler steel building gives them more
of the advantages they want in a permanent structure—at
substantial savings! This is why more and more big-name
companies are using Butler buildings for both new construc-
tion and expansion of existing facilities.

Here's Why Butler is Your Best Buy In Buildings

- Clear-span interiors
- Weather-tight
- Low maintenance
- Bonus strength
- Fire-safe
- Attractive

You can get permanent, low-cost cover weeks sooner
with a Butler steel building. See us for an estimate of erection
time and a firm price.

Dixon, Hart Reunion
Held at Concord Baptist Church in Pope County

On Aug. 28 the Dixon and Hart reunion of families and friends was held at Concord Baptist church in Pope County.

Services, which began at 10:30, were called to order by the president, Clarence Dixon of Harrisburg, and congregational singing was led by Ralph Smith, accompanied by Billy Paul Ewell.

Dr. J. E. Dixon led in prayer and the Smith Sisters' quartet sang two numbers. They are daughters of Mr. and Mrs. Ralph Smith and live near the church.

The annual sermon was by Bro. L. G. Hartley of Carbondale, who as a boy grew up in the adjoining community. Closing prayer was by Dr. M. W. Dixon of East St. Louis.

The usual bountiful basket dinner was spread in the church yard and prayer of thanksgiving and grace was by Rev. Clarence (Chuck) Ewell.

After enjoying the meal and fellowship and taking of pictures, singing was led by Harry Tanner of Carrier Mills with Billy Paul Ewell at the piano.

A reading by Maxine Renshaw was dedicated to the memory of her grandmother, the late Mary E. Hart. More songs were sung by the Smith Sisters.

The report of the nominating committee resulted in the following new officers: J. R. Hart, 623 Cummings St., Waukegan, president; Alvas D. Hart, Sayre, Okla., vice president; Margie Alexander, Harrisburg, chairman of births, deaths and marriages; Nell Pate, secretary; Dr. Millegge Dixon and Ollie Hart Lackman of Metropolis, arrangements committee; Clarence Dixon and Nell Pate, program committee.

It was voted to meet in 1956 at the Fort Massac park at Metropolis.

Three births were reported. Dr. Millegge Dixon gave the history of the Dixon family as recorded by the late Dr. W. S. Dixon of Metropolis, and Millegge Moser added some interesting bits of history of the past generations.

The reunion was concluded by testimonies by relatives and friends, congregational songs and dismissal prayer by Margie Alexander of Harrisburg.

Those present were: Mrs. Maxine Renshaw and sons, Rennie and Bill Jr., Miss Marlene Turner, Carrier Mills, Mr. and Mrs. Billy Warth and Judy of Missouri, Dr. and Mrs. J. E. Dixon, Mt. Vernon, Mr. and Mrs. Rodgus Risco of Missouri, Mr. and Mrs. Boyd Langford, Harrisburg, Rev. and Mrs. L. G. Hartley, Carbondale, Mrs. Olive M. Floyd, Harrisburg; Aunt Mary Hoskins, oldest person present; Elmer E. Carr, Farrington, Iowa, Mrs. Lura Long, Mr. and Mrs. Luther Alexander, Harrisburg, Mr. and Mrs. Clarence Dixon, Mr. and Mrs. Roy Dixon and Mrs. Ethel Randolph, all of Harrisburg, Mrs. Myrtle Hart Love, Risco, Mo., Mr. and Mrs. Elbert Langford, Gary, and Roger, Mr. and Mrs. Billy Paul Ewell, Mr. and Mrs. George Williams, Monty Dixon, Mr. and Mrs. Arthur Wallace.

Mr. and Mrs. Ralph Smith, Lorene, Laree, Lenora, Rena Fay and Fern, Mrs. Matilda Ferrell, Mr. and Mrs. Harry Tucker, Mr. and Mrs. Arthur Miller, Thomas E. Kellogg, Mr. and Mrs. C. R. Wasson, Mrs. Edna Wallace, A. H. Haddison, Mr. and Mrs. J. R. Hart, Dr. and Mrs. M. W. Dixon, Mr. and Mrs. Alvis D. Hart, Sayre, Okla., Olive E. Lackman, Beatrice Hart, Chas. Raymond Cook, Los Angeles, Calif., Rev. and Mrs. Ezra Ewell, Mr. and Mrs. Iley Reynolds, Jesse M. Hart, Mr. and Mrs. Harry Tanner, Dinah Tanner, Becky Pitt.

Mr. and Mrs. Thayer Williams and two children, Mr. and Mrs. Chester Wasson, Mrs. Anna Dixon, oldest member of the Dixon family present, Dr. M. S. Dixon, Metropolis, Mr. and Mrs. Hughie Fulkerson, Zan Fulkerson, Mr. and Mrs. Paul Smith and baby, Thea Corinne, Frank Pritchett, W. H. Wasson, Lester Dixon, East St. Louis, Flora Hart, Etta Hart, J. B. Hart and Bobbie Street, Memphis, Tenn., Mr. and Mrs. Harry Dawson, Mrs. Julia Allen.

Mr. and Mrs. Annis Smith and Mayne (Cheryl), Rev. and Mrs. Matthew Roberts, Mr. and Mrs. Thomas Hicks, Mr. and Mrs. Cecil Wasson, Nell Pate and Mr. and Mrs. Walter Harmon.

Mrs. Arthur Moore is spending a two weeks' vacation in Pontiac, Mich., visiting her sister, Mrs. Floyd Thompson, and brother, Elmer Doolin.

Kerr, Verhines Named to Legislative Commissions

The two Republican members of the state house of representatives, Gordon Kerr of Brookport and W. O. Verhines, Vienna, have been named to legislative commissions by Illinois House Speaker Warren L. Wood to work between the 1955 and 1957 General Assembly.

Kerr has been named to the Illinois Statehouse commission, Verhines to the Sewer System Investigating commission.

Miss Verla Ann Staderfer, Jack Eugene Wallace Exchange Wedding Vows

Mr. and Mrs. Jack Eugene Wallace

Before an altar beautifully decorated with palms and vases of white gladioli wedding vows were exchanged between Miss Verla Ann Staderfer, daughter of Mr. and Mrs. Merrill Staderfer, McLeansboro, and Jack Eugene Wallace, son of Mr. and Mrs. Harry Wallace of 1105 South Webster.

The candlelight ceremony was performed by the Rev. Charles E. Langston, Sunday, Aug. 14, at three o'clock in the afternoon at the First Baptist church in McLeansboro.

Mrs. Emily Stafford, organist, played a medley of wedding music preceding the ceremony and accompanied Miss Joan Eaton, McLeansboro, close friend of the bride, who sang "My Happy Day" and "Through the Years."

The bride, escorted to the altar and given in marriage by her father, was lovely in a ballerina length gown of white lace over nylon tulle and satin. Her finger tip veil of silk illusion fell from a crown of pleated tulle trimmed with sequins. She carried a bouquet of white tube roses and carnations centered with a white orchid.

Mrs. Shirley Sloan of McLeansboro served as matron of honor. She wore a ballerina length gown of orchid lace and net over tulle with a matching head band. She carried a bouquet of yellow asters.

Little Miss Lynelle Ventress of McLeansboro was flower girl. She wore a floor length gown of yellow tulle and net with matching head band and carried orchid asters.

The bridegroom chose his brother, James Wallace, to be best man, Russell Harper, Holt, Mich., John Burroughs, Harrisburg, and Charles Sloan of McLeansboro were ushers.

Mrs. Staderfer wore for her daughter's wedding a dark blue sheer dress with blue accessories. Mrs. Wallace, the bridegroom's mother, was attired in a blue shantung dress with matching accessories. Both mothers wore corsages of pink carnations.

Immediately following the wedding reception was given in the church parlor by the bride's parents. Mrs. Marie Bond and Mrs. Nadine Ventress, both of McLeansboro, assisted in serving the guests from a table centered with a three tiered wedding cake. Mrs. Marilyn Harper of Holt, Mich., and Miss Judith Wallace, sister of the bridegroom, served at the punch bowl, Miss Delores Wallace, another sister of the bridegroom, presided at the guest register.

After a wedding trip the couple is now at home at 312 West Oak, Carbondale.

The bride attended Southern Illinois university for two years. The bridegroom also attended SIU and was a member of the graduating class of Aug. 12 when he received his bachelor of arts degree and was commissioned second lieutenant in the Air Force Reserve. He has accepted a position on the faculty at SIU as an assistant chemistry instructor.

Out of town guests were Mr. and Mrs. A. W. Harper and son, Stanley, Lansing, Mich., Mr. and Mrs. Emmet Link, Flat River, Mo., Mr. and Mrs. Herman Goin, Sesser, Mr. and Mrs. Grover Smith, Mrs. Clifford Rice, Mrs.

Mrs. Alice Laswell has sold her home at 412 West Homer to Mr. and Mrs. Oscar Smith of Rudement who are now living there. Mrs. Laswell has returned to Chicago to live.

Robert Boyett has sold his property west of Harrisburg to Joe Durant. Mr. Boyett and family are living near Springfield.

These property sales have been made by Hauptmann Real Estate.

Marriage Licenses

Sigal Earl McIntosh Jr., 22, Harrisburg, and Anna Belle Gann, 21, Galatia.

Raleigh

Opal Goodson
Correspondent

Rev. Todd Taylor has undergone surgery to one of his arms at St. Luke's hospital in St. Louis. He expects to be at home and able to attend services Sunday.

Mrs. Iantha Kane Speckman of Herrin was a guest of Miss Kathleen Hall recently. Miss Hall returned to her teaching position in Park Ridge Friday, August 26. She was accompanied by her sister, Mrs. Charles R. Hall, her sister, Mrs. Harmon Bramlett and her niece, Mrs. James Harper. They visited in Chicago and returned home Monday.

Mrs. Opal Murphy and children Denny and Kathy just returned from Granite City where they visited for a week with Mr. and Mrs. Carroll Murphy and Mr. and Mrs. Paul Fuller. Mr. and Mrs. Fuller are the proud parents of an eight pound five ounce baby boy born August 19. The baby has been named Steven Dale.

Opal and Darlene Goodson have just returned from a week's visit in Benton, Ark., where they were house guests of Mrs. Mary Parks. Mrs. Parks lives in Saline County of the state of Arkansas. There is a Benton, Ark., an Eldorado, Ark., and a Harrisburg, Ark.

Mrs. Nell Irvin plans to spend the Labor Day week end with her children in Alton.

Mrs. Bernie Irvin and children Kaye and Bill are occupying the home of James Williams. Mr. Irvin is with the armed forces and is stationed near Farmington, New Mexico. We welcome them to our community.

The Brotherhood met at Karel Park Saturday night for a melon feast. All reported a good time.

Rev. H. T. Taylor and a group of W. M. U. women filled their regular appointment at the Good Shepherd Nursing home at Galatia Sunday afternoon. Bro. Taylor brought the message which was enjoyed by all present. Mrs. Myra Weir, community mission chairman, has arranged for these meetings the past two years. Present were Mrs. Myra Weir, Mrs. Esmeralda Musgraves, Mrs. Theoria Greenfield, Mrs. Lula Cravens, Mrs. Ella Deering, Miss Zella Greenfield, Mrs. Mavis Taylor, Mrs. Winnie Newcomb, G. C. Weir and Rev. Taylor. Mr. and Mrs. Wes York are visiting relatives in Raleigh.

Calendar Of Meetings

There will be an ice cream social today at 6 p. m. at the home of Oral Walls. Homemade ice cream and cake will be sold.

The American Legion Auxiliary will install officers Tuesday, Sept. 6, at 7:30 p. m. at the American Legion home. Also urgent business. Hazel Golish, president.

The Dorcas Sunday school class of the McKinley Avenue Baptist church will meet Tuesday at 7:30 p. m. at the home of Mrs. Lloyd Davis, 205 East Rose street.

The Loyal Daughters Sunday school class of the First Christian church will meet Tuesday at 7:30 p. m. at the home of Mrs. Earl Gibbons, 109 West College. The president, Mrs. J. L. Miller, urges all to be present.

The Bona Fide Federation will meet Tuesday at 7:30 p. m. at the home of Mrs. Wyatt Lowe in Wilmoth addition.

The Saline County Singing convention will meet Sunday at 2 p. m. at the Harco Baptist church. All singers and the public are invited.

The Rev. Eula B. Sanders, pastor of Beulah Heights Methodist church, will be in charge of the W.C.T.U. radio program Monday at 7:45 p. m.

The annual business meeting of the First Baptist church will be held Wednesday at 7:30 p. m.

The W.C.T.U. will meet Tuesday at 2 p. m.

Speed Court Attack On Redistricting

CHICAGO (AP) — A lawyer said today he hopes to file an appeal with the Illinois Supreme Court attacking the validity of the state's new reapportionment law within two weeks.

Edward Donovan Jr. said lawyers on both sides are working for speedy handling of the case and are hopeful the Supreme Court will treat it as an emergency matter.

The law dividing Illinois into new legislative districts was passed by the Legislature this year. Donovan sought a ruling that it is unconstitutional, but on July 28 Cook County Superior Court Judge John J. Lupe upheld it.

Marine Jet Plunges Into Sea

SAN CLEMENTE Calif. (AP) — The Coast Guard searched for a missing Marine Corps pilot whose F9F Panther jet plunged into the sea four miles northwest of here. Missing with the plane was Lt. William G. Byrd, 22, of the Marine Corps Air station at El Toro, Calif. Byrd's parents are Mr. and Mrs. George Byrd of Paducah, Ky.

El Toro officers said Byrd was presumed dead. They said Byrd's plane crashed into the sea from an apparent jet flame-out before Byrd probably was able to eject himself from the ship.

Dies in Saline Mines Community

Mrs. Marjorie Morris, 34, wife of George Morris, died this morning at 2:30 at her home in the Saline Mines community south of Shawneetown.

Funeral plans are incomplete.

SAVE 30% CURRENT DIVIDEND ON HOME FIRE INSURANCE

Yes, you get substantial dividend savings on Hardware Mutuals insurance policies. That's only one of the reasons why I'm proud to represent Hardware Mutuals in your community. Is your home thoroughly protected against financial loss by sound fire and extended coverage insurance? I'll be glad to tell you about adequate fire protection for your home and other properties—at low net cost. Dividend savings to policyholders, which currently run up to 30%, total more than \$120,000,000 since organization. Write or phone for details.

AS NATIONALLY ADVERTISED

A Salute to Labor On Labor's Day

The ideals behind Labor Day are as important today as they ever were.

They are important to each individual who takes pride in a job well done as part of a greater team—America.

They are important to our nation's security, because that security depends on the cooperation of labor and capital.

As a guardian of labor's earnings, the Harrisburg National Bank salutes the millions who celebrate Labor Day.

ADVERTISEMENT FOR BIDS
School District No. 101, Saline County, Illinois will receive sealed bids for the repair of the Harrisburg Township High School, in Harrisburg, Illinois until 7:30 P. M. (CST) Central Standard Time on the 29th day of September, 1955 at the office of the Board of Education in Harrisburg, State of Illinois, at which time and place all bids will be publicly opened and read aloud.

The successful bidder will be required to furnish satisfactory performance bond.

The specifications are on file at the office of the Board of Education of School District No. 101, Saline County, Harrisburg, Illinois.

The School District No. 101, Saline County, Illinois reserves the right to reject any or all bids and to waive any informalities in bidding.

A certified check or bank draft payable to the Board of Education, School District No. 101, Saline County, Illinois, or a satisfactory bid bond executed by the bidder and surety company in an amount equal to five per cent of the bid shall be submitted with each bid.

No bid shall be withdrawn after the opening of bids without the consent of the Board of Education, for a period of thirty days after the scheduled time of closing bids.

In Memoriam

In loving memory of our wife and mother, Nerva Jarrell, who departed this life two years ago, Sept. 3, 1953.

She inherited the Kingdom, her work here was done. She was called up to heaven, through the blood of God's own son.

When we meet her up there, there will be understanding. Why mother was taken from our loving hands.

We thank you dear Father for a God which is true, And we will be with mother, singing praises to you.

Sadly missed by husband and children. 58-1

NOTICE "NIGHT-HAWKS" McDaniel & Anderson's Gulf service is open 24 hrs. a day for your convenience. 54-7

In Memoriam

In loving memory of E. E. White, who died one year ago Sept. 6th. One year has passed since that sad day.

When one I loved was called away. God took him home, it was His will.

But in my heart he liveth still. His loving eyes and cheerful smile. Are so pleasant to recall.

Sadly missed by his relatives and friends and especially by his wife, Marie White. 58-1

Peron Party Asks
Purge of Traitors

BUENOS AIRES — The Peronista Party called Friday night for an "inexorable purge" of weaklings and traitors within its midst and said party members must show their fighting spirit with deeds and not words.

The purge of the party headed by President Juan D. Peron was announced as the chief executive signed into law the "state of siege" in Buenos Aires and security forces warned that violators would be punished "with maximum severity and energy."

Woman Dies in Crash
SILVIS, Ill. — Mrs. Ruby Jensen, 48, Alexandria, Va., was killed Friday in a two-car mishap on Ill. 2 about five miles east of Silvis, Ill.

Five persons were injured, including the woman's husband and 11-year-old son.

White Sox Beat Indians, 8-1, Cling to Lead

By United Press

The Chicago White Sox were one up on the Cleveland Indians in their "crucial series" today—and all because a young pupil turned the tables on an old master.

"Pupil" Jack Harshman, a frustrated first baseman only two years ago, beat the Indians for the fourth time this season, 8-1, Friday night as the White Sox clung to their half-game lead in the American league. And the man he out-pitched was Sal Maglie—the "old master" of the New York Giants when Harshman switched from first base to the mound.

Harshman, who was helped by Maglie when he made his "big switch" allowed only four hits and struck out eight batters, in winning the opener of the four-game series.

Minoso Gets Three

Minnie Minoso had three hits, including his ninth homer. Harshman, who now has a 9-7 mark, yielded Cleveland's only run on Ralph Kiner's 16th homer.

The loss dropped the Indians in to third place, a game behind the New York Yankees, who celebrated Billy Martin's return with a 4-2 victory over the Washington Senators. The Boston Red Sox beat the Baltimore Orioles, 8-3, to move within 3 1/2 games of third place. Whitey Ford yielded only one hit—a seventh-inning single by Carlos Paula—in gaining his 16th win. Martin, playing for the first time since he starred in the 1953 World Series, had a single and a double and started the Yankees' winning rally with a single. He also scored on Mickey Mantle's three-run homer—Mantle's 36th round-tripper of the year.

Red Sox Take Orioles

Catcher Sammy White singled home the tie-breaking run in the eighth inning and the Red Sox went on to score three more runs and break open a close contest with the Orioles.

Tom Gorman's late-inning relief pitching preserved Art Ceccarelli's fourth win as Kansas City shaded Detroit, 7-6.

Shortstop Ernie Banks of the Chicago Cubs hit his 40th homer to set a major league record for a shortstop in one season and spark a 12-2 rout of the St. Louis Cardinals.

The Brooklyn Dodgers reduced their "magic number" for pennant clinching to eight with a 2-0 victory over the Pittsburgh Pirates while the Milwaukee Braves bowed by the same score to Cincinnati. Robin Roberts won his 22nd game as the Philadelphia Phillies defeated the New York Giants, 5-3, in the other National league game.

The STANDINGS

By United Press National League

California Heat Wave Eases Slightly

LOS ANGELES (AP)—Southern California's worst heat wave in history eased off slightly in its fourth day today, leaving 11 dead and more than 100 ill with heat prostration.

The blistering heat was expected to drop to a high of 104 degrees today in the wake of Friday's sizzling 108 and Thursday's all-time Los Angeles record of 110.

The Daily Register, Harrisburg, Illinois
Saturday, September 3, 1955

Bobby Layne Leads Lions to 24-0 Win Over Steelers; Rams Beat Browns

By United Press

The Detroit Lions who rode to three straight Western Division titles and two National Football League championships on the arm of Bobby Layne, figure it will be a lot easier fighting off the San Francisco Forty-Niners and the Los Angeles Rams this year now that Bobby's sore shoulder is well again.

Layne, out with a shoulder injury the past two weeks, celebrated his return to the lineup Friday night by leading the Lions to a 24-0 victory over the Pittsburgh Steelers before 26,402 in the Orange Bowl in Miami.

The Rams, sparked by the pinpoint passing of substitute quarterback Billy Wade, came from behind in the final period to smash the defending world champion Cleveland Browns, 38-21 in another exhibition game at Los Angeles.

In games tonight, the Washington Redskins with a 1-21 exhibition record meet the Chicago Bears (0-2) at Memphis, Tenn., while the Philadelphia Eagles (3-0) play the Green Bay Packers (1-2) at Charleston, W. Va.

In a Sunday afternoon game at San Francisco, the Forty-Niners (3-1) meet the Chicago Cardinals (2-1).

The Baltimore Colts handed tackle Pat Sarnese his release Friday after his failure to make the team. Colts Coach Weeb Ewbank said that Sarnese, who came to Baltimore from the Pittsburgh Steelers on a condition deal for a Colts 1955 draft choice, didn't fit in with his plans.

The pitching assignment for the Stars has not been settled as the management has been attempting to line up a top notch hurler to go against Nichols. The catching will be handled by either Cowger or Bubba Hughes. The remainder of the lineup will probably be Shewmake 1b, Price 2b, Karnes ss, Ziegler 3b, Smith lf, Nolen cf and Harrison rf.

Buddy Sowell will be umpire behind the plate.

All players are asked to meet at the park for pre-game practice by 12:30.

Schedule 18 Grid Rules Meetings

CHICAGO (AP)—The Illinois High School Assn. today announced a schedule of 18 football rules interpretation meetings to be held thru-out Illinois during the next two weeks.

Sessions will be held at Belleville Sept. 12, Casey Sept. 8, Chicago Sept. 6, Danville Sept. 15, Decatur Sept. 6, Elgin Sept. 7, Flora Sept. 13, Jacksonville Sept. 12, Kankakee Sept. 8, Keokuk Sept. 10, LaSalle Sept. 14, Macomb Sept. 15, Normal Sept. 8, Peoria Sept. 7, Rockford Sept. 12, Waukegan Sept. 14, and West Frankfort Sept. 14.

IT ISN'T EASY!

"Most anything worth doing, isn't easy. A man's job, for example, isn't easy. Often it's complicated and dangerous with problems a-plenty.

It isn't easy, either, to be a homemaker. A dozen skills and more are needed, not to mention endless hours of monotonous tasks. Yet, man or woman, usually you're urged on by a dogged determination to "do it— or else!"

But when it comes to living a life that's commendable and above reproach, does your determination still prod you on? Do you dare stand for right against all odds?

Then your place is in the Church, where others feel exactly as you do. Join them now in worship and work, and your determination will be strengthened, your faith renewed.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	3	1-12
Monday	Ecclesiastes	5	9-20
Tuesday	I Corinthians	3	1-9
Wednesday	I Corinthians	1	10-23
Thursday	II Timothy	1	7-14
Friday	Psalms	118	1-14
Saturday	Psalms	118	15-29

'Worship Received In Jerusalem'

Ex 3:1-11; Haggai 1:7-14; Zechariah 4:6-7
By DR. ARCHIE E. BROWN
GOLDEN TEXT: "Not by might nor by power, but by my spirit, saith the Lord of hosts." (Zechariah 4:6)

INTRODUCTION: Jerusalem has always been the "holy city" to the people of Israel. When they were freed from the captivity of Babylon by Cyrus the Great they returned to this city in the midst of the "promised land." Remember that the city had been destroyed by the invading Babylonian forces. With its destruction went also that destruction of the Temple.

The Jews have always worshipped one God. The Temple is the very center of their living. Solomon had built this magnificent Temple on Zion Hill. Now Zion Hill is the most commanding, eye-catching spot in Jerusalem. Today there is located on this very spot the Mosque of Omar, a most beautiful Mohammedan Temple. The Arabians meet in this temple every Friday, face Mecca, and pray. At the time of today's Sunday School lesson, 42,000 Jews had returned to Israel. The very first thing they did was to begin rebuilding the Temple on Zion Hill.

I THE ALTAR (Ex 3:1-3) Knowing something of the deep feeling that the Jews have for their Temple, can you imagine their sorrow as they looked upon the ruins of that Temple. They waited no time, but rather began immediately the rebuilding of the Temple. The base of the altar was there, and the stones that had been torn down, were also there. It was a matter of placing stone upon stone once again.

Soon they were ready once again to offer up their sacrifices on the altar to God. This is the most unifying force among the Jews.

On Zion Hill today there is a small Temple. Inside is the tomb

of David. This is the most sacred spot in the world today to the Jews. They believe that David's spirit is in that Temple. Here, on this spot, the Jews of the world meet in perfect harmony and agreement.

I stood in that temple recently and watched many Jews kneeling near David's tomb and pray unto God. They are praying for the complete restoration of Israel and the Temple and the coming of the Messiah. You know what? Their prayers are being answered right before our eyes!

II THE FOUNDATIONS OF THE TEMPLE (Ex 3:10-11)

Just as the base of the altar was still there, just so were the foundations of the temple still there. It was a long, tedious task rebuilding the temple. However, the work was finished in about two years.

A day of rejoicing and worship was set aside. The people came together in and around the temple on Zion Hill. "All he world shouted with a great shout." Would you not like to have heard that shout? I would. They were happy, and they had something to shout about. That makes me wonder if perhaps we are not a little too self-restrained in our worship sometimes? Certainly, there should be order and reverence in all our worship, but a good hearty expression of feeling once in a while might help some of our churches today.

Wouldn't you know it? Just when things were going good, some of the conservatives and unbelievers caused the work to stop. For sixteen years no progress was made, and God's work was hindered.

There is many a church today living beneath its privileges. They should have new buildings and equipment, but there is opposition. Some of the members drive fine cars and live in fine homes, but they will not give support to the building of adequate space and equipment for the carrying on of God's work. Shame on such people!

CONCLUSION—VISION NEEDED (Haggai 1:14; Zech. 4:6-9)

Please note that when the prophets rebuked the people, they "came and did the work in the house of the Lord." My! what would happen if your pastor rebuked you good and proper for not helping to build up God's house and His work? Would you pout? Would you look for another church? Would you give your pastor trouble? These people did not. They came to work.

Remember, when you do your part, God will surely do His. "Not by might, nor by power, but by my Spirit, saith the Lord of hosts." (Zechariah 4:6)
